

Invitation to the **29<sup>th</sup> Ph.D. student meeting** in Munich  
31<sup>st</sup> July to the 2<sup>nd</sup> August 2019

Dear Ph.D. students in hydrogeology and related fields,  
the doctoral candidates of the Chair of Hydrogeology at the Technical University of Munich (TUM) are pleased to invite you to the 29<sup>th</sup> Ph.D. student meeting in Munich. The meeting is taking place from the 31<sup>st</sup> July to the 2<sup>nd</sup> August 2019.

The programme for the three days is a mixture of presentations and field trips. We will visit a geothermal power plant and learn something about the deep geothermal energy in Bavaria. At the workshop day you will have the chance to present and discuss your study project at the TU Munich. At the last day we will have a bicycle excursion to the drinking water supply of Munich in the Mangfall valley.

**What & When**

**Wednesday, 31.07.**  
Key-Note  
Field Trip to a geothermal plant in Munich

**Thursday, 01.08.**  
Workshop with oral and poster presentation

**Friday, 02.08.**  
Bicycle excursion to the water supply of the City of Munich in the Mangfall valley

**How can I join?**

abstract (max. 1 page) for an oral or poster presentation

registration until 29.03.19

no fees for participation
